

BOOK&LOOK

Design by
Pagnon & Pelhaître

Description

CONCEPT : launched in 2009, in 2016 Book&Look offers a number of innovations encompassing not only functionalities, materials and finishes, but also greater freedom of use.

Thus the basic square door 52 x 52 becomes universal and can be used wherever one wants in the range, whether in a current or a new finish.

The sideboards with 4, 6 or 8 doors (2 x 4 door sideboards with a single top) are offered on a base or legs, with the universal square door. A ceramic stoneware top is also available.

Book&Look now offers two new podium chests W 140 and W 210 with a niche for a soundbar (our recommendation: Focal "Dimension" W 115.5).

Finally, 16 colours of lacquer are now available to order on a number of items in the range.

QUALITY OF MANUFACTURE & FINISHES: the new universal door 52 x 52 may be positioned anywhere : on sideboards and on chests H 105 and H 157 integrated into modular compositions. Apart from the current finishes of gloss white or satin white lacquer or satin argile and éléphant, it is now available in :

- walnut veneer with fem motif,
- concrete composite,
- bronze-coloured aluminium
- a wide choice of lacquers including the 4 in the price list and also rouge, brique, bleu, plomb, azur, bleu lavande, chocolat, moutarde, mastic, éléphant, ranger, noir, and bleu nuit.

This wide choice of lacquers is also available on wall shelves and on compartment shelves (vertical or horizontal) W 105 and W 175.

Sideboards are available on bases or on a new lacquered steel underframe H 15 cm finished in bronze-coloured aluminium. The edges are finished in white, perle or argile lacquer or walnut veneer.

The 12 mm thick top is lacquered to match or in white marble-effect or metallic anthracite-coloured ceramic stoneware. Coloured to the core, ceramic stoneware is 30 % harder than granite. Its properties of resistance to scratches, stains and heat shocks are exceptional, making it particularly suitable for use as a sideboard top.

Two new podium chests are on offer. Each one has a niche for a soundbar in the top section which is closed by a batyline cover (choice of white, argile or perle). This soundbar niche is located above a flap door in the podium chest W 140. With a drawer on each side, it is also above a large full-width flap door in the podium chest W 210. Podium chests can also take an optional induction charger and a hub with a schuko plug (e.g. for a PC) and two 5V USB ports (for charging two mobile phones).
